

PAPER PRODUCTS

ECO-FRIENDLY FOOD CONTAINERS

- Great for a variety of food
- Ideal for burgers, fries, rice, etc.
- Convenient packaging for take-away
- Eco-friendly and recyclable

PAPER PRODUCTS SERIES

PAPER LUNCH BOX

Boxes are double coated with polyethylene (not laminated) for liquid based and greasy food. Lunch boxes are one of the most popular items for take-away, for restaurants, cafés, hawkers, caterers, bakeries, fast-food outlets, etc. Our material is leak-proof and microwave safe.

PAPER PRODUCTS SERIES

PLA INNER COATING

PLA (polylactic acid) coated paper cups are 100% compostable, and are a perfect replacement for conventional plastic coated cups. These eco-friendly cups can be used for hot and cold beverages, for example as espresso cups or tasting cups.

DOUBLE WALL

Double wall paper cups are essentially single wall cups with an additional outer jacket, which provides a thermal barrier. They are ideal for hot beverages such as coffee and tea.
